Employment Career

Sept 2013 – current

TRADOLOGIC/SUPERDEV
.NET Developer

Developing management system for admin agents, users and white labels, using Microsoft ASP.NET (MVC), responsibilities developing new features for trading platform/server.

Developing WebAPI for exposing functionality to internal/external clients. Working on different payment integrations.

The projects that I have been working on are part of the online financial trading platform of Tradologic. They include:

- Back Office Management System - the main management system of the platform. It is a web application and uses ASP.NET Web Forms, ASP.NET MVC, Bootstrap and ADO.NET with MS SQL Server. Using Telerik Controls and Kendo UI.
- Affiliate Management System - a web application for management of affiliates and reporting of their performance. The system uses ASP.NET MVC and Bootstrap. The database is MS SQL Server.
- Business-to-Business API - a RESTful API to provide data and services for integration of platforms of B2B clients. The API is a .NET Framework solution using the open source framework ServiceStack. The specific needs led to changing ServiceStack in order to enhance it and provide better functionality to the API.
- Payments Server - a server responsible for processing of deposit transactions in the platform. It is a .NET Framework application and uses ADO.NET with MS SQL Server. The server involves a generic infrastructure that allows integration with different payment service providers. Tens of providers have been integrated.

Used technologies, frameworks and languages:

- .Net framework 4.5/4.7;
- Develop and support Windows service, MVC apps, WebForms apps, REST API;
- Web API and Web Services;
- Publishing and consuming with RabbitMQ;
- JS and Kendo UI;
- MS SQL - 2014;

- Visual Studio 2017;
- working with SignalR;
- using LINQ for manipulation datasets and collections;
- access to data sources ADO.NET; O/RM - EntityFramework;
- multithread programming
- Git;
- OOP and SOLID principles;
- Algorithms and data structures;
- High Code Quality;

Aug 2012 – Sept 2013	TRADOLOGIC Front-end developer http://www.tradologic.com/front-end/
Apr 2012 – Aug 2012	COMSTREAM Programmer of Software Applications
Sep 2011 – Apr 2012	Freelance Web Developer

Jan 2000 – July 2001	Totals – Radoslav Totalov ST Organization and planning Construction works Manager
May 1999 – Dec 1999	EUROCOM Technician
Nov 1998 – May 1999	BARON Ltd, Sofia, Bulgaria Sales Consultant, Security

Education

2011 – 2012	Telerik Academy Web Client – Side Development Web Application with ASP.NET MVC Mobile Applications Development SEO
2002 – 2003	Technical University of Sofia Faculty of Management Business Administration
1990 - 1995	Technical University of Varna Faculty of Electronics Specialization - Communication and Insurance equipment and systems
1993 - 1996	Technical University of Varna Faculty of Law Journalism
1986 - 1990	School of Techniques, Smolyan Electronic Engineering - Power Electronics

Skills Computer Science and Software Engineering Skills

Web application development
Content management systems (CMS) WordPress
Search engine optimization (SEO)
Relational databases, database systems and database design

Programming Languages

C#, SQL, PHP, JavaScript

Software Technologies and Platforms

Web sites and client-side scripting – HTML, HTML5, XHTML, CSS, CSS3, JavaScript, jQuery, AJAX, REST, JSON, ADO.NET Entity Framework и LINQ
Web programming – ASP.NET Web Forms, ASP.NET MVC 5, Razor, Bootstrap, Web API, C#,
Web Services, AngularJS, PHP
Mobile Development – jQuery Mobile, Phone Gap, Android SDK, Eclipse IDE
Web content management – WordPress, Typo3
Internet protocols – TCP/IP, HTTP, HTTPS, SMTP, POP3, FTP

Database Servers

SQL Server 2014, SQL Server 2008 R2, MySQL

Development Tools

Web sites and Web programming –Visual Studio, Firebug, Fiddler

Other Skills

Good communication skills, team worker, presentation and organization skills

Leadership, NLP practice

Certificates

[Microsoft Certified Professional](#)

Completed Creating websites with HTML, Format web pages with CSS, Dynamic web pages with JavaScript, Introduction in PHP, MySQL – server database and Programming PHP courses, issued by the Expert – Center for Professional Training - <http://expert-bg.org>

Completed Web Front-End Development training course with excellent results, issued by Telerik Academy - <http://www.telerik.com/academy/courses-and-seminars/web-front-end-course.aspx>

Certificate of English Number: 10577 from Britanica educational center Business Communication Class – Upper Intermediate - <http://bg.britanica-edu.org/>

Other Certificates

Driving License – category B, C

Languages

Bulgarian – native

English – good
